

RESEARCH POLICY

Academic institutions are also expected to undertake research activities along with teaching and extension. Research is a necessary component of academic excellence because research culture in the institution among faculty and students enhances the level of knowledge creation and improves the quality of learning. This research policy was drafted with the objective of fostering research culture and institutional quality enhancement through supporting research activities within the college among faculty as well as students.

OBJECTIVES

- To develop desired awareness regarding research among the faculty and students of the college.
- To identify research areas and specify research topics of academic, practical and socially relevant significance
- To encourage faculty members to publish research papers and undertake various research projects of social and academic importance.
- To ensure quality, integrity and ethics in research.
- To organize seminars/conferences/workshops on research topics and training programs in research methodology.

INSTITUTIONAL POLICIES

- The college shall disseminate information about conferences/workshops among students and faculty.
- The college has a research committee which organizes workshops/ training programs/ sensitization programs for faculty and student to promote a research culture on campus.
- Students and faculty can avail of library as well as laboratory resources for research purposes.
- In order to encourage faculty to present/ publish research papers in national and international conferences /journals. the institution will provide incentives by paying the registration /publication fees.
- An amount of rupees 10,000/- will be available per full time faculty, per year towards these expenses which can be claimed by the faculty against production of necessary receipts.
- Full Time faculty who travel abroad to present papers at conferences will be given an amount of an amount of rupees 10,000/- and will be felicitated.
- Full Time faculty can avail of duty leave to attend conferences /workshops related to research.
- The college encourages the participation of students in various research competitions by arranging for the expenses towards data collection, analysis as well as documentation travel and registration fees.
- The research committee shall endeavor to check malpractices and plagiarism in research.
