Students Satisfaction Survey is conducted with the Final Year Batch of Students that passes out each year. In the year 2019-20 a total of 294 responses from such final year students was collected that passed out in the year 2018-19. The feedback so collected, enables insight to the students' experience with the institution as a whole and helps college to shape the teaching for future generations. The feedback from alumni covers wide range of aspects such as effectiveness of teaching, teaching methodology, curriculum contents, fairness of evaluation/examinations, interaction with administrative office, facilities such as computer and physical infrastructure, extracurricular and sports activities and overall impression of college. These were rated on the scale ranging from Excellent to Poor.
