

Students Satisfaction Survey

Students Satisfaction Survey is conducted from the Passed out Students every year. In the year 2022-23 a total of 880 responses were collected from the alumni. The feedback so collected enables insight to the students' experience with the institution as a whole and helps college to shape the teaching for future generations. The feedback from alumni covers wide range of aspects such as effectiveness of teaching, teaching methodology, curriculum contents, fairness of evaluation/examinations, interaction with administrative office, facilities such as computer and physical infrastructure, extracurricular and sports activities and overall impression of college. These were rated on the scale ranging from Excellent to Poor.
