Research is more than just a process; it's a journey of discovery and curiosity. It allows us to explore the unknown, challenge assumptions, and contribute to the advancement of knowledge.

What are the expectations from today's session?

- How to identify the sample?
- How to identify the sample size for the study?
- How do we decide which technique / method to use for sampling?

The slide contains 11 steps of how students research and maintain libraries...
 1. The first step is to identify the topic of the research.
 2. The second step is to search for relevant articles and books.
 3. The third step is to evaluate the sources and select the most relevant ones.
 4. The fourth step is to organize the sources into folders or tags.
 5. The fifth step is to cite the sources in the text of the paper.
 6. The sixth step is to generate a bibliography or reference list.
 7. The seventh step is to save the sources in the Zotero library.
 8. The eighth step is to use Zotero to manage the library.
 9. The ninth step is to use Zotero to export the sources to other applications.
 10. The tenth step is to use Zotero to share the sources with others.
 11. The eleventh step is to use Zotero to update the library.

Measuring Innovative Banking User's Satisfaction Scale

Abstract:
Purpose – The main motive of the study is to measure reliability and validity of innovative banking user's satisfaction scale in the banking industry of India.

Design/Methodology/Approach – It had been attempted to develop scientific scale on user's satisfaction and the data had been collected using survey methodology. The reliability and validity of the data and scale were tested using confirmatory factor analysis using IBM SPSS and AMOS software.

Findings – A reliable and valid multidimensional scale had been conceptualized which explains five dimensions: of technology enabled users in banking Industry.

Research Limitations/Implications – The present research was carried out to only "user of innovative banking products and services". The influences of demographic variables as mediation and moderation effects were not studied. It captures insights of the user's satisfaction experience as perceived by the bankers.

Practical Implications – The scientific scale will be utilized to evaluate the reactions of users and indicating strategic decisions of bankers to frame policies and procedures related to I- banking products and service.

Originality/Value – The study discovered valid multidimensional scale which can measure innovative banking user satisfaction experience.

Title of the Event: 3 Days Research Online Workshop

Date of Submission: 18/11/2024

Date of the Event:	15 th to 17 th November, 2024	
Time:	From- 04:30 p.m.	From- 06:00 p.m.
Venue:	Online session	
Scale:	Inter-collegiate event	
Target Audience:	Faculty members and Post Graduate students.	
Nature of the Event: (e.g. Talk/ Workshop/ Competition/ FDP)	3 Days Research Online Workshop Day 1- The Art and Science of Review of Literature. Day 2- Learning the Art of drafting objectives and hypothesis. Day 3- Sampling Techniques and Drafting of Questionnaires.	
Details of the Resource Person and/or Organisation	Name: Dr. Poonam Kakkad	
	Organisation: Nirmala Memorial Foundation College of Commerce and Science	
	Phone Number: 9833125784	Email ID- NA
Objective/s of the Event	Day 1- To help participants understand the role and significance of the literature review in academic research, and how it helps in framing research questions. Day 2- To provide insights into writing testable hypotheses that align with the research objectives and study design. Day 3- To introduce participants to various sampling techniques used in research and their appropriate applications.	
Brief report of the Event	Day 1- The session covered the importance of a literature review in framing research questions, identifying gaps in the existing knowledge, and positioning new research within the broader academic context. Day 2- Participants learned about the function of hypotheses in guiding the research process, testing assumptions, and establishing a foundation for data collection. The session included a discussion of how hypotheses differ based on qualitative vs. quantitative research, it also focused on how research objectives and hypotheses are interlinked. Day 3- Participants were guided on how to select the most suitable sampling technique based on factors such as research objectives, target population, budget, and time constraints. Real-life examples were discussed to illustrate how sampling techniques are applied in different research scenarios.	
Outcome of the Event	Day 1- It equipped attendees with essential skills for conducting comprehensive literature reviews, thus enhancing the quality of academic research. Day 2- Event was highly beneficial for both students and faculty. It successfully provided attendees with the tools and knowledge necessary to write clear, actionable research objectives and hypotheses. Day 3- Participants gained practical knowledge about various sampling techniques and how to choose the best approach for their research projects. It provided participants with essential skills to conduct research effectively, from choosing the right sampling method to crafting clear and unbiased questionnaires.

Sub: Invitation as a Resource Person for sessions on research related topics.

Dear Madam,

Research Cell of our college invites you with great pleasure to conduct online sessions for the teaching staff and post graduate students.

As per our telephonic conversation we have finalized following topics between 15th and 17th November from 5.00pm. to 6.00pm :

Day 1	15.11.2024	The Art and Science of Review of literature
Day 2	16.11.2024	Learning the Art of Drafting Objectives and Hypothesis
Day 3	17.11.2024	Sampling Technique and Drafting of Questionnaires

We believe that your excellent domain knowledge on research will be beneficial for our staff and students. We look forward to a positive confirmation from you and it would be indeed an honor for us to have you as a resource person.

Yours sincerely,
